Vendor Seminar Descriptions

Convert Your Generator to Propane

Brian Canterbury with US Carburation

We teach you how to easily convert your generator into a trifle generator. After converting, your generator will be able to run on propane, natural gas or gasoline! The installation is easy and can usually be done in about 30 minutes. Give yourself the freedom to choose the fuel you want!

Application of Graphics Stickers

Billie & John Liparito with Simply Etched Stickers

This will be a hands on, step by step demonstration on how to apply a vinyl graphic sticker.

Electrical Safety and the Use of Electrical Management/Surge Protector

Greg Walker with Progressive Industries

Electrical Safety is one of the most important factors in keeping you and your BEAUTIFUL AIRSTREAM safe! Low voltage can cause damage to your AC compressor, resulting in you having to buy another AC unit. High voltage can also damage your appliances. A hot neutral can make the skin of your trailer hot. This seminar will discuss all the aspects of electrical safety and the most effective way to know what is going on with the electricity going into your Airstream.

Save Money With Proper Holding Tank Care

Marie Safford with All Pro Water Flow

John Hedges with All Pro Water Flow

Learn proper procedures for managing your holding tank to save you time and money.

Redox Signaling Molecules and Cellular Health

Tom Beasley, 2 Time Super Bowl Champion, Pittsburg Steelers

Dr. Kendall Wilson

Redox Signaling Molecules are essential to the health of every cell in the body. After age 30 our bodies do not produce these molecules in sufficient quantities to maintain cellular health and we begin to age. A biological replenishment is now available in liquid form that helps heal from the inside out and in a topical gel that heals from the outside in.

Taking Care of Your Zip Dee Awning

Greg Blue

Learn how to operate and service your Zip Dee awning. You are encouraged to bring something to take notes and a chair to sit on. Seminar will be held at the Airstream Dealer location.

What Is Auxiliary Braking & Why Do I Need It?

Josh Martinmaas with Blue Ox

Blue Ox gives an interactive seminar addressing what auxiliary braking is, and why you need one in your tow vehicle. We will address different braking systems, safety issues, state towing requirements and how they affect you. You will learn the "do's and don'ts" of caring for your auxiliary braking system, helpful hints, tips, and solutions to keeping RVing safe and enjoyable.

Vendor Seminar Descriptions

Create a Softer, Smoother, and Safer RVing Experience

Josh Martinmaas with Blue Ox

Blue Ox presents a seminar designed to educate consumers on weight distributing hitches, their features and advantages over conventional hitches, and how using one can increase comfort, safety & stability resulting in a more enjoyable RVing experience. Tips for towing and Q&A.

Off-Air and Satellite TV Reception

Erik Guldager with Winegard

Covering the newest changes in both off-air and satellite TV products as well as an overview of upcoming changes.

Tire Safety and the Use of Tire Pressure Monitors

Steve Rosenthal with Truck Systems Technology/Tire Pressure Monitors

Tire Safety is the single most important factor in keeping your BEAUTIFUL AIRSTREAM BEAUTIFUL! Damaged, worn, old and under inflated tires are the major causes of damage and injury to us as we travel. This seminar will discuss all the aspects of tire safety and the most effective way to know what is going on with the tires on your Airstream while you are underway. DON'T MISS THE OPPORTUNITY TO GIVE YOURSELF THE BEST ODDS OF ENJOYING THE JOURNEY.

RV Bathroom TLC

Paula Pacholke-Dumont with Thetford

Have you ever wondered how to choose the right holding tank deodorant for your RV toilet system? With so many choices out there, how do you know what works and what is safe to use in your RV plumbing. For the past 50 years, the lab at Thetford Corporation has developed holding tank deodorants that work in extreme weather conditions and are environmentally friendly. Paula Pacholke-Dumont, Manager Chemical/Product Development at Thetford, will discuss the basics of RV bathroom care and help you choose the right solutions for a worry (and smell) free RV bathroom.
